

Refrigerated Meat Bone Saw / MODEL J210S

750W/1.0HP

Braking in 0.2 **Worlds Record seconds**

WORLD'S SAFEST & RELIABLE MEAT BONE SAW

MORE THAN 10 NEW&IMPROVED DESIGN, MORE SAFE, DURABLE, RELIABLE AND EASY USE

This Heavy-duty Meat Bone Saw is perfect for precision slicing and reliability, through refrigerated meat and bone. It have more advanced features and much better performance through years of amendment and improvement.

EMERGENCY BRAKING IN 0.2 SECOND.

The bone saw machine should be braked in 2 seconds when being switched off according to EU safety regulations (EN60335-2-64, 20.111). Note that the bone saw machine could be braked in 0.2 second after emergency stop switch is pressed, which is 10 times better than EU safety regulations.

10times Higher Than Europe EU Safety Regulations

Standard	Time
EN60335-2-64	~2S
iMettos J210S / J310S	~0.2S
No brake	>14S

02. Moveable Working table With the Scale and Locking knob

New design! Half of the table can be moveable, High quality Stainless steel made; Smooth Moving, Save time and effort, more accuracy, especially for cutting short bone, you can move the table to achieve the purpose of cutting in order to prevent slippery hand injuries, more safer!

03. Saw Blade Tightness Adjustment With max. Limitation Design

No need to lift the whole motor that common most bone saw model used way, now you can easy to adjust the blad tightness to set or disassemble the saw blade. With max. limitation blocker, don't worry it may be twisted too tight.

04. Disassemblable Topper Wheel

Easy to clean & maintenance, smooth inner frame design, no hygiene dead angle, flushing with water directly.

05. Motor Overheat Protection

Powerful motor with cooling fan and overheat protection, Make your work more durable & stable, and keep the machine health!

06. Residue collection pan

Collecting the most residue in this pan, Make cleaning easier!

07. Emergency Stop Protection When door opening

We put the safety first, when the door was accidentally opened, the machine won't working.

Tech. Specification: Refrigerated Meat Bone Saw / J210S / J310S

Easy to clean & maintenance, smooth inner frame design, no hygiene dead angle, flushing with water directly.

Item	Description	
Model	J210S	J310S
Dimension	550(L) * 500(W) * 920(H) mm	500(L)*470(W)*1200(H)
Carton Size	585(L) * 585(W) * 980(H) mm	535(L)*550(W)*1260(H)
Blade thickness	0.5 mm	0.5 mm
Saw Length	1650 mm	2040 mm
Saw Width	19 mm	19 mm
Power supply	220V/50Hz, 110V/60Hz	220V/50Hz, 110V/60Hz
Power	750W/1HP	1100W/1.5HP
Cutting Thickness	5~155 mm	5~200 mm
Working table size	505 x 415 mm	530 x 430 mm
Movable Working Stroke	240 mm	- mm
G.W./ N.W.	52 Kg / 47 Kg	136 Kg / 99 Kg
Brake Time	~0.3 S	~0.3 S
